## Independent Auditor's Report

To the National Board of Directors and Members of  
The Canadian National Institute for the Blind

### Opinion

We have audited the non-consolidated financial statements of The Canadian National Institute for the Blind ("CNIB"), which comprise the non-consolidated statement of financial position as at March 31, 2021, and the non-consolidated statements of operations and changes in fund balances and cash flows for the year then ended, and notes to the non-consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "non-consolidated financial statements").

In our opinion, the accompanying non-consolidated financial statements present fairly, in all material respects, the financial position of CNIB as at March 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards ("Canadian GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Non-Consolidated Financial Statements section of our report. We are independent of CNIB in accordance with the ethical requirements that are relevant to our audit of the non-consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Responsibilities of Management and Those Charged with Governance for the Non-Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the non-consolidated financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of non-consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the non-consolidated financial statements, management is responsible for assessing CNIB's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate CNIB or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing CNIB's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Non-Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the non-consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these non-consolidated financial statements.

As part of an audit in accordance with Canadian GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the non-consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CNIB's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on CNIB's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the non-consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause CNIB to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the non-consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities of CNIB to express an opinion on the non-consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Non-consolidated Financial Statements

(In thousands of dollars except as noted)

Year ended March 31, 2021

---

The Canadian National Institute for the Blind ("CNIB") was incorporated on March 30, 1918 by Letters Patent under the Companies Amendment Act of 1917, and in September 2013 continued under the Canadian Not-for-profit Corporations Act. CNIB's mission is to change what it is to be blind through innovative programs and powerful advocacy that enable Canadians impacted by blindness to live the lives they choose. CNIB is registered as a charitable organization under the Income Tax Act and, accordingly, is exempt from income taxes, provided certain requirements of the Income Tax Act are met.

Effective April 1, 2018 CNIB transferred certain operations, representing government funded rehabilitation and deafblind programs to two newly incorporated entities: Vision Loss Rehabilitation Canada (VLRC) and Deafblind Community Services (DBCS). Further information can be found in note 20.

## 1. Significant accounting policies:

These non-consolidated financial statements have been prepared by management in accordance with Canadian accounting standards for not-for-profit organizations.

### (a) Revenue recognition:

CNIB follows the deferral method of accounting for contributions, which include support from the public and government support.

Externally restricted contributions, other than endowments, are recognized as revenue in the year in which the related expenses are incurred. Contributions restricted for the purchase of capital assets are deferred and amortized into revenue on a straight-line basis, at a rate corresponding with the amortization rate for the related capital assets.

Endowment contributions are recognized as direct increases in fund balances in the year in which they are received.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

## 1. Significant accounting policies (continued):

### (a) Revenue recognition (continued):

Income from investments includes the realized gains or losses from the sale of units of CNIB's managed investment funds, as well as interest income and unrealized gains or losses for the year. Restricted investment income is recognized as revenue in the year in which the related expenses are recognized. Unrestricted investment income is recognized as revenue when earned.

Revenue from fees for service and sale of consumer products and assistive technology is recognized when the services are provided or the goods are sold.

Unrestricted investment income, including realized or unrealized gains or losses, is reported within the internally restricted reserve funds as investment revenue. Incidental rent revenue and related operating costs associated with renting excess capacity in CNIB facilities is reported in the unrestricted operating fund as rent revenue and other costs.

Realized and unrealized investment revenue from the endowment investment pool are recognized in deferred contributions – expenses in future periods as incurred. Realized investment revenue recognized in deferred contributions – expenses in future periods is drawn down as endowment restrictions are honoured. The change in unrealized investment revenue is presented separately as a single line in the deferred contributions – expenses of future periods continuity schedule, as observed in Note 8.

### (b) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. All other financial instruments are subsequently measured at cost or amortized cost, unless management has elected to carry the instruments at fair value. CNIB has elected to carry its investments at fair value. Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred.

### 1. Significant accounting policies (continued):

#### (b) Financial instruments (continued):

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, CNIB determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset, or the amount CNIB expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

#### (c) Inventories and supplies:

Inventories and supplies are recorded at the lower of cost on a first-in, first-out basis, and net realizable value.

#### (d) Capital assets:

Purchased capital assets are recorded at cost. Contributed capital assets are recorded at fair value at the date of contribution. Assets are amortized over the estimated life of the assets. Repairs and maintenance costs are charged to expense. If a capital asset no longer contributes to CNIB's ability to provide services, its carrying amount is written down to its residual value.

Capital assets are amortized on a straight-line basis using the following annual rates:

---

Buildings	2.5%
Computer equipment and software	14.3% - 33.3%
Vehicles	25.0% - 33.3%
Furniture and office equipment	25.0%
Leasehold improvements	Term of lease

## 1. Significant accounting policies (continued):

### (e) Contributed services:

CNIB benefits from substantial services in the form of volunteer time to fulfill its mission. Because of the difficulty of determining the fair value, contributed services are not recognized in the financial statements.

### (f) Employee future benefits:

CNIB administers the Pension Plan for employees of CNIB, VLRC and DBCS. The plan has a defined benefit provision and a defined contribution provision. Employees with greater than three months of service are eligible to join the defined contribution provision, while the defined benefit provision was closed to new entrants effective June 2010. The benefits of the defined benefit provision are based on years of service, years of contributions and final average earnings. The defined benefit provision includes the basic plan and excess benefits plans. CNIB does not provide any significant non-pension, post-retirement benefits.

CNIB uses the immediate recognition approach to account for its defined benefit provision. CNIB accrues its obligations under the defined benefit provision as employees render the services necessary to earn the pension benefits. The actuarial determination of the accrued benefit obligations for pensions uses the projected benefit method prorated on service (which incorporates management's best estimate of future salary levels, other cost escalation, retirement ages of employees, and other actuarial factors). The most recent actuarial valuation of the benefit provision for funding purposes was as of December 31, 2017, and the next required valuation will be completed as of December 31, 2020, and once completed will be filed in the normal course.

Actuarial gains (losses) on defined benefit provision assets arise from the difference between the actual return on plan assets for a period and the expected return on plan assets for that period. For the purpose of calculating the expected return on defined benefit provision assets, the assets are valued at fair value. Actuarial gains (losses) on the accrued benefit obligation arise from differences between actual and expected experience, and from changes in the actuarial assumptions used to determine the accrued benefit obligation.

The cost of the defined contribution provision is based on percentage of the employee's pensionable earnings.

## 1. Significant accounting policies (continued):

### (g) Allocation of expenses:

CNIB classifies expenses on the statement of operations and changes in fund balances by function. General support expenses are allocated by identifying the appropriate drivers such as operational activities, square footage, employee count, and applying these bases consistently (note 16).

### (h) Use of estimates:

The preparation of non-consolidated financial statements in accordance with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the non-consolidated financial statements, and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include the carrying amount and useful lives of capital assets, accrued liabilities and obligations related to employee future benefits. Actual results could differ from these estimates.

## 2. Accrued pension asset:

The accrued pension asset represents the fair value of the defined benefit provision assets in excess of the accrued defined benefit provision obligation.

	2021	2020
Accrued pension obligation	\$ 127,294	\$ 112,670

## 5. Bank indebtedness:

CNIB has a credit facility available to fund operations and capital expenditures, totalling \$4 million at prime plus 0.25%. This amount is due upon demand and is secured by a general security agreement.

## 6. Revolving term loan:

The revolving term loan is secured by a first fixed charge over properties located in Muskoka, Ontario; Winnipeg, Manitoba; Ottawa, Ontario; and Kingston, Ontario. The credit is available by way of non-revolving loans at a rate of prime plus 0.25% and/or bankers' acceptances at a rate of 2.00%. The principal may be drawn, repaid and redrawn at any time up to October 2021 unless extended. Advances are repayable in up to 35 equal monthly installments based on an amortization of 20 years commencing 30 days after drawdown with a final payment of the balance of the principal and interest outstanding due at the end of the term which is up to three years. The interest expense for the term loan for the year was \$41 (2020 - \$0).

### 6. Revolving term loan (continued):

Future principal payments required on the revolving term loan are as follows:

2022	\$	82
2023		145
2024		149
2025		153
2026		157
Thereafter		4,298
		<hr/>
		\$ 4,984

The revolving term loan contains two financial covenants. The first covenant requires CNIB to maintain a ratio of Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) to interest expense plus the current portion of long-term debt and capital leases, calculated on an annual basis at 1.25:1 or better at all times. EBITDA is defined as surplus (deficit) before extraordinary and other non-recurring items plus interest, depreciation, and amortization expenses during the period.

The second covenant requires CNIB to maintain total fund balances as reported in the audited financial statements in excess of \$40 million at all times.

As at March 31, 2021, CNIB was in compliance with these covenants.

### 13. Endowment trust funds:

The Vancouver Foundation is a not-for-profit organization that receives and invests funds, and from these funds provides investment income to other not-for-profit organizations under the terms of the agreements with them or their donors. CNIB receives annual earnings from an endowment held for its benefit by the Vancouver Foundation. The capital of the fund is not available to CNIB and as such is not recorded in the financial statements.

During the year, CNIB received \$106 (2020 - \$103) of interest income from the Vancouver Foundation CNIB, B.C. - Yukon Division, Endowment Fund which had a market value of \$2,913 (2020 - \$2,449).

### 14. Commitments and contingencies:

#### (a) Lease obligations:

CNIB has commitments with respect to operating leases for premises, vehicles and equipment. The minimum annual commitment under these leases is approximately as follows:

---

2022	\$	4,074
2023		2,926
2024		2,271
2025		1,907

### 14. Commitments and contingencies (continued):

(c) Legal matters:

From time to time, CNIB is subject to legal actions arising in the ordinary course of operations. While it is not feasible to predict the outcome of these actions, it is the opinion of management that the resolution of these matters will not materially affect the organization's financial position.

### 15. Alberta reporting requirements:

The Alberta Charitable Fund-raising Act requires charitable organizations to disclose the remuneration paid to their Alberta employees whose principal duties involve fundraising. CNIB paid \$243 (2020 - \$236) to its Alberta fundraising employees which is included in the fund development costs.

### 16. Allocation of expenses:

General support expenses have been allocated as follows:

	2021	2020
Community-based programs and services	\$ 1,745	\$ 1,287
Fund development	1,023	652
Retail lottery and gaming operations	644	544
	<u>\$ 3,412</u>	<u>\$ 2,483</u>

Fund development expenses are not allocated.

## 17. Change in non-cash working capital:

Change in non-cash working capital has been calculated as follows:

	2021	2020
Accounts receivable and prepaid expenses	\$ (1,720)	\$ (20)
Inventory and supplies	(69)	31
Accounts payable and accrued liabilities	2,426	731
Due to related organizations	(2,458)	(355)
	<hr/>	<hr/>
	\$ (1,821)	\$ 387

## 18. Financial risks:

### (a) Interest rate risk:

CNIB is exposed to interest rate risk on its fixed rate financial instruments. Further details about the fixed rate investments are included in note 3 and CNIB has formal policies and procedures that establish target asset mix, minimum credit ratings and varying terms of the securities held. CNIB's bank indebtedness has a variable interest rate based on bank prime plus a margin. As a result, CNIB is exposed to interest rate risk due to fluctuations in the bank prime rate.

### (b) Market risk:

Market risk arises as a result of trading in equity securities and fixed income securities. Fluctuations in the market expose CNIB to a risk of loss. CNIB mitigates this risk through controls to monitor concentration levels.

### (c) Currency risk:

CNIB is exposed to currency risk arising from gains and losses due to fluctuations in foreign currency exchange rates on CNIB's non-Canadian securities. Foreign currency risk is managed through construction of a diversified portfolio of instruments in various currencies.

### **18. Financial risks (continued):**

(d) Credit risk:

CNIB is exposed to credit-related losses in the event of non-performance by counterparties to the financial instruments. Credit exposure is minimized by dealing only with creditworthy counterparties.

(e) Liquidity risk:

Liquidity risk is the risk that CNIB will be unable to fulfill its obligations on a timely basis or at a reasonable cost. CNIB manages its liquidity risk by monitoring its operating requirements. CNIB prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations.

### **19. Comparative figures:**

Certain comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

### **20. Controlled and related not-for-profit entities:**

VLRC and DBCS operate with an independent Board of Directors. CNIB monitors activities of the entities as the sole member and remains contingently liable for certain obligations of VLRC and DBCS. These entities deliver government funded programs as an agent of CNIB and directly for the government programs they receive funding from directly.

Under corporate services agreements with VLRC and DBCS effective April 1, 2018, CNIB agrees to perform financial management and administrative functions on behalf of the entities. The agreement is for a five-year term but may be terminated by either party providing 90 days or more notice to the other organization. The administration costs are estimates based on actual costs of finance, information technology, human resources and other costs required to operate the entity in a cost-efficient manner.

### (a) VLRC:

VLRC was incorporated on May 10, 2017 under the Canada Not-for-profit Corporations Act by the issuance of a Certificate of Incorporation by the federal government through Corporations Canada. VLRC is a health services organization that provides training that enables people who are blind or partially sighted to develop or restore key daily living skills, helping to enhance their independence, safety and mobility. VLRC's certified specialists work closely with ophthalmologists, optometrists and other health care professionals, providing essential care on a referral basis in homes and communities across Canada. VLRC is a registered charity under the Income Tax Act and, accordingly, is exempt from income taxes, provided certain requirements of the Income Tax Act are met.

## 20. Controlled and related not-for-profit entities (continued):

(b) DBCS (continued):

CNIB charged occupancy costs to DBCS amounting to \$199 in fiscal 2021 (2020 - \$190) in accordance with the leasing agreements.

DBCS provided Deafblind services on behalf of CNIB in accordance with the terms and conditions of contracts with Ontario government. In fiscal 2021, CNIB paid a total of \$3.8 million (2020 - \$6.3 million) to DBCS with respect to these contracts.

At the end of the current fiscal year, CNIB was owed \$300 (2020 - \$(97)) from DBCS.

## 21. Canada Emergency Wage Subsidy (CEWS) and Canada Emergency Rent Subsidy (CERS):

During the year, CNIB applied for and recognized COVID-19 related wage subsidies and rent subsidies offered by the government of Canada. CNIB received wage subsidies totalling \$6,972 (2020 - \$0) and rent subsidies totalling \$368 (2020 - \$0).

## 22. Significant event:

On March 11, 2020, the World Health Organization characterized the outbreak of a strain of the novel coronavirus ("COVID-19") as a pandemic which has resulted in a series of public health and emergency measures that have been put in place to combat the spread of the virus. The duration and impact of COVID-19 is unknown at this time and it is not possible to reliably estimate the impact that the length and severity of these developments will have on the financial results and condition of CNIB in future periods.
